

MESSING ABOUT ON BOATS

AT THE

NORTHWEST MARITIME CENTER

PORT TOWNSEND, WASHINGTON

SUMMER 2009 Week Long Sea Camps

For 5-7 and 7-10 Year Olds

New this Summer! 'Lil' Scuppers' for 5-7 year olds.

EXPERIENCE THE SEA

Now in its fifth year, Messing About in Boats offers a multitude of ways for kids to experience maritime life in a fun and hands on way. From our home port in Point Hudson, young sailors enter the world of maritime - by meeting real captains, crew, and shipwrights in their element, heading out to sea on rowboats, powerboats and sailboats and learning what it takes to live on and by the Sea.

CHOOSE A THEME

There are **FOUR** different themes offered throughout the Summer - your child can take part in one - or all of them.

-Mariners

-PNW Native Americans

-Pirates and Privateers

-Shipwrights

FUN WHILE LEARNING

All four themes focus on fundamental nautical skills: knot tying, basic weather, boat types and parts, and fieldtrips to meet local shipwrights, sail-makers, riggers, fishermen and other salty dogs.
